MAJOR "BAITER" APRIL JUDGE HERE

CHARLES H. MAYER OF ST. JOSEPH TO HOLD COURT NEXT WEEK.

TERM WILL LAST ONLY FIVE DAYS AND NIGHTS

Ouster Suit Against Standard-Poland China Officer Most Important Case.

A circuit judge who gained statewide prominence recently as a member of the resolutions committee of the State Democratic convention in St. Joseph, March 21, will sit on the bench here during the April term of court which opens Monday.

He is Judge Charles H. Mayer, who represented the fourth congressional district in the resolutions committee and who made such a striking attack upon Governor E. W. Major upon the floor of the convention. He is judge of one of the judicial circuits of St. Joseph.

The April term will last only a week. The docket contains 16 parole cases, 11 criminal cases, 59 trial cases, 29 cases in equity and nine divorce cases.

The divorce docket contains the following: Hazel Staples by next friend, vs. Harold Staples, to annul marriage contract; Sylvia Newman vs. Lewis Newman; James H. Goodwin vs. Lewis Goodwin; Arzetta J. Graves vs. Alexander J. Graves; Iva C. Coulter vs. Arvin Lee Coulter; Minnie M. Williams vs. Henry O. Williams; R. T. Allen vs. Sadie Allen; Ruth A. Loy vs. John Loy; Clemma E. Gilmore vs. Quincey A. Gilmore.

The criminal docket is composed of the following cases: Harry Epperson, charged with carnal knowledge; Clay Coleman, assault and battery; John Best, petit larceny; Marion Luger, permitting gaming on premises, and Ira Williams, Jack Pennington, Jess Shimbargar, Dudley G. Rice, Alfred Green, Walter Hilsabeck, William McMillan, charged with gaming.

That no grand jury will be called at this term is the indication at present. Court will not be held Tuesday on account of the city election and also in order that Judge Mayer can return to St. Joseph to vote in the city election in that city. The jury is summoned for Wednesday.

Standard Ouster Suit Important.

The most important and interesting trial of the unusually short term will be that of the ouster proceedings brought by F. P. Robinson and W. H. Gilbert for one hundred shareholders against the directors and officers of the Standard Poland-China Record association.

Second in importance, perhaps, are the suits of W. R. Tison, county treasurer and ex-officio collector, against the Burlington railroad for back taxes and special road levies. The suits are ordered by the county court in the nature of test suits. Others will follow if this is successful. The amounts of the bills are \$1,218.25.

Although the amount involved is not large, considerable interest is being shown in the suit of Charles H. Roach against the Western Union Telegraph

company for delivering a message with incorrect wording. The message involved the buying of horses for war trade and this adds to the interest. Animals for Italian inspection were quoted in the telegram at \$150 when it was filed in Chicago as \$140, according to the allegations of the petition.

The jurors for the April term who will report Wednesday are: Atchison—Jake Cox and G. W. Holbrook.

Grant—William Chambers.

Green—O. J. Willhoyte and Sam Green.

Hopkins—William Wells.

Hughes—John Gex.

Independence—John Campbell.

Jackson—J. W. Downing and William Rhodes.

Jefferson—George Bickett.

Lincoln—Sam Davault and Roy Plummer.

Monroe—William Dawson and Chas. Pfeiffer.

Nodaway—Joseph Crawford, Sr., and Thomas Tobin.

Polk—D. O'Grady, Tom Cummins and S. A. Hefflin.

Union—R. J. Ringgold.

Washington—William Merrigan.

White Cloud—James Blagg and Horace Stewart.

100,000,000 POUNDS MORE TOBACCO THAN 10 YEARS AGO.

STAGGERING STATISTICS

W. C. Van Cleve Gives Interesting Survey of Habit as It Affects Revenues and Life of Nation.

(By W. C. Van Cleve.)

Washington, D. C., March 25.—A recent report of the commissioner of internal revenue brings out the fact that the time honored, but always useless, tobacco habit is holding its own. It is more than holding its own, for we now consume 100,000,000 pounds more of the weed than we did ten years ago. According to the commissioner's report we last year smoked 8,248,891,047 cigars, 16,869,520,463 cigarettes, and 226,888,566 pounds of smoking tobacco, and consumed 156,502,776 pounds of plug chewing tobacco; 15,987,330 pounds of twist, 10,961,100 pounds of fine cut, and 30,595,640 pounds of snuff.

Surprising as it may seem, this is a per capita consumption for the 20,000,000 men of this country of 412 cigars, 843 cigarettes, 11 pounds of smoking tobacco, 9 pounds of chewing tobacco and over 11 pounds of snuff. A great many must work overtime to make up for those who do not use tobacco in any form and for those who use it in only one form, and it is suspected that these men must have considerable assistance from the female of the species and the small boy.

The cost of this habit to the American people must be staggering. The government receives annually from the traffic in tobacco the sum of \$30,000,000 in the way of taxes, which is but a mere suggestion of what the consumer must pay. Here is enough money spent in the course of a year to build a score of dreadnaughts, im-

UNION IS INDORSED NOT A FIGHT YET

AFTER ADDRESS IN ST. JOSEPH BY DR. W. F. BURRIS.

BY METHODIST ALLIANCE

All Members of Both Branches of Methodism Appealed to Promote Organic Uniting of Church.

After the principal address was made by the Rev. W. F. Burris, D. D., at the meeting of the Methodist Alliance in St. Joseph yesterday, the following resolution was adopted by the representatives of all branches of Methodism in that city.

The cities of Missouri are taking the lead in the matter of union of the Methodist denominations in America, because they are on the border line between the territory of the north and south branches and see the need for united effort more plainly. Dr. Burris and the other delegates to the general conference of the M. E. church in Saratoga Springs, N. Y., will present the resolutions to that body:

Whereas, The question of the organic union of the Methodist Episcopal church and the Methodist Episcopal church, South, is being discussed in our church periodicals and is to come before the general conference of the Methodist Episcopal church in the month of May, next; and

Whereas, We, the members of the Methodist Ministerial Alliance of the city of St. Joseph, Mo., composed of pastors and preachers of the two churches, and being most vitally interested in the pending question because living along the border as we do, we see as perhaps others do not the pressing and imperative need of such a union between our churches; therefore be it

Resolved, 1. To use all honorable means and do everything in our power to bring about such union between these churches at the earliest possible date.

Laymen Are Appealed to.

2. That we unite in an appeal to the laymen in all our congregations to foster and encourage the spirit of fraternity between the churches and to support us in our efforts to bring about organic unity.

3. We respectfully petition the delegates to our next general conference to work and vote for, and if necessary, to make such reasonable changes or compromises in the plan outlined by the joint commission as will insure the earliest possible union of American Methodism.

That a certified copy of these resolutions be furnished the delegation of the Missouri annual conference to the general conference, with the request that they make known our desires to that body, or at least to the committee having the matter of organic union in charge.

Dr. Burris is district superintendent of the Maryville district of his church. The Rev. C. B. Duncan, presiding elder of the St. Joseph district of the Southern church, was one of the resolutions committee with the Rev. A. H. DeLong and the Rev. C. J. Chappel, so it will be seen that the leaders are heartily in sympathy with the movement.

It is probable that the last definite steps will be taken in May toward the organic union of the two branches which split in 1844. A joint commission was appointed by the two general conferences four years ago. The recommendations of this commission were adopted in essence by the general conference of the M. E. church, South, last summer. If the M. E. church general conference concurs, only the working out of minor details will stand in the way of the union.

Two Schools Were Approved. The Lasher school, southwest of Maryville, taught by Miss Neomi Horn, and the Hickory Grove school, taught by James Decker, were approved by State Superintendent Gass as they have met the requirements.

Mrs. J. B. Jones, who has been ill for several months, and bedfast for a month or six weeks, was taken to St. Francis hospital this morning for treatment.

Picked Cavalry Under Colonel Dodd Sent From Colonia—Dublan to Help in Search.

Special to The Democrat-Forum. San Antonio, March 29.—General Pershing's forces have not yet come in contact with Villa and his bandits. Thus far no word of importance has been received by Funston from Pershing.

Is Exact Whereabouts Known?

El Paso, March 29.—Censored dispatches from the field headquarters at Colonia Dublan stated that a body of picked cavalry under Colonel Dodd has been tolled off for the evident purpose of facilitating the hunt for Villa. This indicates that the whereabouts of the fleeing bandit is known to Gen. Pershing and that he is making final preparations to surround Villa in the mountains.

ANTHONY RITES TOMORROW

The Rev. S. D. Harkness of Kansas City Will Have Charge of Services at Home.

The funeral services of Mrs. F. R. Anthony, whose death occurred late yesterday afternoon, will be held Thursday afternoon at 2 o'clock, at the family residence, 203 East Park avenue. The Rev. S. D. Harkness of Kansas City, a former pastor of the Presbyterian church here, will conduct the services. Burial will be in Oak Hill cemetery.

Mrs. Eudora Mather Anthony was born August 20, 1875, at Lavonia, Livingston county, N. Y. She was educated in the Genesee state normal, in New York, and graduated from the Newark Training School for Teachers at Newark, N. J. After finishing at Newark she taught in this school.

Mrs. Anthony then went to Arizona and California, where she taught in each state one year. She came here in 1906, when the State Normal was organized and was supervisor of the training school, and continued in this work until August 1, 1908.

Mr. and Mrs. Anthony were married November 1, 1908, in Kansas City, and came to Maryville, where they have since made their home.

She had been a sufferer with tuberculosis for the last five years. A number of trips were made west for the benefit of her health, but any improvement was only temporary.

Besides her husband, Mrs. Anthony is survived by her parents, Mr. and Mrs. J. C. Mather, and a sister, Mrs. D. M. P. Weeks of South Bend, Ind. Mr. Mather and Mrs. Weeks will arrive tomorrow to attend the funeral. Mrs. Mather is unable to come on account of illness, and Mrs. Weeks will remain with her.

SANG AT H. S. ASSEMBLY.

And Pupils Are Enthusiastic Over Program of William Jewell College.

Members of the William Jewell College Glee club, which will give a program at the First Baptist church tonight at 8:15, sang at the high school assembly this afternoon. The students were enthusiastic over the singing and playing of the visitors.

The twenty students of the Liberty school arrived on the early morning train from Pattonsburg this morning. They are being entertained today and night in the homes of members of the Baptist church here. The program is under the auspices of the B. Y. P. U.

Business Visitors Here Today.

Business visitors here today are: A. Harvey Churchill and Eugene Dowis of Sheridan, Jake Snoderly of Elmo, W. A. and Aaron Linville and James Strickler of Skidmore, James Lett of Pickering, and Mr. and Mrs. Lee Devore and Mrs. Joe Alexander of Ravenwood.

A marriage license was issued late yesterday afternoon to Chester W. Bennett and Beulah Fern McCoplin.

Miss Alma Lucas left last night for St. Joseph, where she will be the guest of Mrs. William Mallow.

LAYMENTOTALK REVIVAL

EACH PASTOR TO APPOINT THREE FOR MEETING SUNDAY.

Ministerial Alliance Also Makes Usual Order for Evening Services at 8 o'clock This Week.

The five pastors of the Protestant churches will appoint or ask their official boards to appoint three men from each church to meet with the Ministerial Alliance next Sunday afternoon to consider the bringing of the Rev. Charles Reign Scoville to Maryville early in September for a union revival.

The evangelist is the one who held such effective meetings at Jefferson City and Emporia. He was first sought for an April date, but it was later decided to wait until fall. The calling of a meeting of laymen was made at the meeting of the Ministerial Alliance this week.

All of the evening services of the churches will be held at 8 o'clock, beginning next Sunday. The usual first Sunday in April arrangement was agreed at the regular Ministerial Alliance this week.

The young people's meeting will be held a half hour later also, at 7 o'clock. Prayer meeting arrangements are left to the individual pastors for their decision.

30 DIE IN OHIO WRECK

TWENTIETH CENTURY LIMITED ON N. Y. CENTRAL CRASHES.

Two Sections Eastbound Collide Near Elyria and Westbound Runs Into Wreckage.

Special to The Democrat-Forum.

Cleveland, March 29.—With seventeen mangled bodies in the morgues at Amherst and twenty-five seriously injured and some dying at Elyria, rescue parties were working frantically to recover more dead.

They were injured from the wreckage of three of the New York Central's fastest and finest trains which were demolished in a double wreck at Amherst at four this morning. It is estimated that twenty-five to thirty were killed in this worst wreck Ohio has known in years.

The list of injured persons will reach probably fifty. The three trains in the wreck were the two sections of train 80 and the eastbound Chicago to Buffalo flyer, the Twentieth Century Limited, pride of the New York Central.

The second section of the Chicago and Buffalo flyer crashed into the first section in a heavy fog, when the first section stopped to take water. The westbound limited plowed thru the wreckage which had been hurled to the west bound track before a flag man could be sent back to stop it.

Most of the dead are said to be foreigners traveling in the rear coach of the train of the first section of the Chicago and Buffalo flyer. There were no dead among the passengers of the Twentieth Century Limited, though a number were badly hurt on this train. Two coaches were completely overturned.

At least thirty are dead, but the exact total may not be known until night. More than forty injured have been recovered. Twenty-five bodies have been taken from the wreckage and five more are known to be under the cars.

Guests at Brewer Home.

Mrs. Emma Henson of Tarkio and Mrs. Sam King and three children of Columbus, Kan., are guests at the home of Mr. and Mrs. Ed Brewer. Mrs. Henson is the mother and Mrs. King a sister of Mrs. Brewer.

Mr. and Mrs. D. L. Purcell of Burlington Junction are the guests of Mr. and Mrs. G. W. Swinford.

Mr. and Mrs. C. H. Chamberlain were here today en route from Burlington Junction springs to their home in Bedford, Ia.

To Automobile Dealers and Other Business Men:

Arrangements can now be made to sell Maxwell cars in this locality. Our proposition has interesting and attractive points that we would like to submit to progressive local business men, whether or not they are engaged in the automobile business at the present time.

This is An Exceptional Opportunity

Because the Maxwell car sells easily and makes satisfied owners who are an asset to the dealer. During the present year we will build more Maxwell Motor Cars than during the two preceding years. This greatly increased production is in response to a demand created by the car itself.

Last January a Maxwell stock touring car set the World's Motor Non-Stop Mileage Record. This car travelled for 44 consecutive days and nights, averaging more than 500 miles per day. During all this time—1056 hours—the motor never stopped. Not a part was replaced, not an adjustment was made—the mechanism was sealed and the car was constantly under the observation of the American Automobile Association Officials.

Any car that has such endurance, such inherent merit, is a good car to buy and a good car to sell.

prove the rivers and harbors and build numerous roads for the farmers.

But now comes Dr. John D. Quackenbush, a distinguished authority, who states that the excessive or immoderate use of tobacco is responsible for 75 per cent of all the drink habit cases. If this theory is taken seriously, it will be only a question of time until some one offers and urges an amendment to the constitution to prohibit the raising, manufacturing, sale and use of tobacco within the jurisdiction of the United States. But tobacco will never be banished from this country without a tremendous fight. With all its evils it will have for its supporters the large majority of the millions who find a daily solace in its use.

An eloquent defense of tobacco was made in the house of representatives a few days ago by Hon. William F. Murray, who is familiarly known by his constituents in Oklahoma as "Alfalfa Bill." Mr. Murray is always an interesting talker and his tribute to the "filthy weed," though the subject was less inspiring, deserves to take rank along with Senator Vest's famous tribute to the dog.

Mr. Murray spoke in part as follows:

"Mr. Chairman, I desire to support the case advocated by the gentleman from Kentucky (Mr. Helm). It is well known that of the three staple products of the south, Kentucky has two—colonels and tobacco.

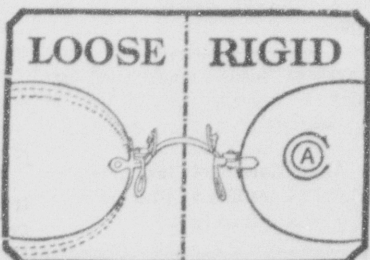

It is unfair to strike a great state like this, because tobacco has gone all down the line with the progress of our civilization. History tells us that in the early days of this country we used tobacco as money; that it was the basis of money like gold is the basis of it today. It was a "single standard" of tobacco. So, you see, commerce was built up in this country by tobacco. It also discloses the fact that preachers were paid in the early days by giving them so many pounds of tobacco from each parish, and Patrick Henry won his celebrated case against the minister when he demanded 4,000 pounds of tobacco, because Henry thought that was too much tobacco for any one preacher. So it will be observed that religion was established by tobacco. Then, again, when the colonies came to be settled, to make it possible for the development of this country, a corporation was organized to bring young women from Great Britain for the Jamestown colonies. It should be understood that the original colonists were all men—bachelors—and the price finally ran up to about 150 pounds of tobacco for each woman. So you will observe that the family relations were established in America by tobacco, and in all our progress, whether in commerce, religion, or the home, the altar and fireside, tobacco has played a great part. So it is unfair for this house to strike down a great product like that.

"It will be noticed also that every people have a peculiar stimulant of their own. The Dutch have sauer kraut, the Mexican the tortilla and the cigarito. The Scotch like the old Scotch whisky. The German likes his glass of beer, but the real original, aboriginal American liked tobacco.

"My stimulant, sir, is tobacco, smoked in the form of a cigar or in a pipe. The gentleman objects, because he likes cigarettes. I despise them—there is not enough tobacco in them. Therefore this provision ought to be retained in this bill, because it will not do to strike down any of the three great staple products to which I have referred. Kentucky cannot deny that it outstrips all the states in the Union for colonels and tobacco. That state is full of colonels and the colonels are full of corn and tobacco. (Laughter.)"

Mrs. E. B. McJimsey, who has been the guest of Mr. and Mrs. J. K. Sawyers, left last evening for her home in St. Joseph.

PREPARING FOR CONTESTS

Central High School, St. Joseph, Selects Names to Compete for First Honor.

The first preliminary oratorical contest to choose a representative of Central high school for the Maryville meeting was held yesterday afternoon in the school auditorium. The contest was private and Miss Roberta Sheets, instructor in elocution, selected the representatives to compete in the final here. Each of the senior boys' societies and the school at large was allowed two entries, from each of which teams one was chosen. Adolphus Berger was picked from the Dolan Nun, George Trapp from the Ciceroonian, Earl Clay from the Aristotelian and Wendell Meredith from the school at large, a student not a member of any literary society. As Irwin McEwen, one of the Alpha Nu Pi representatives, was ill, he and Benton Gabbert, the other competitor from that society, will compete later.

The final oratorical contest when the school's representative is to be chosen for Maryville meet, May 5, will be held Wednesday morning, April 5, at 10 o'clock, at a general auditorium meeting. Yesterday the contestants were allowed to recite from any author they cared, but in the final at Central they must choose from a dozen or so authors assigned by the Maryville officials.

The first preliminary declamatory contest for girls, preparatory to the Maryville events, will be held this afternoon at 3:30 o'clock at Central, each of the senior girls' literary societies and the school at large to have two representatives.

in a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now.

Here's Why G. & B. PEARL Wire Cloth Stops Screen Expense

Painting—repairing—replacing screen

—those are the expenses which make inefficient wire cloth a source of annoyance and money loss. When you screen with genuine G. & B. PEARL you do away with painting, repairing, replacements—simply because PEARL is rust-proof as metal can be made, consequently makes a screen that's practically wear-proof.

G. & B. PEARL represents true screen economy. It outwears all imitations so far that no other similar appearing wire can be placed in the same class. From points of appearance—sanitation—durability and economy G. & B. PEARL is the one choice of the man who wants permanent protection.

For Permanently
Screening Doors,
Windows and Porches

Made in Two Weights
—regular and
Extra Heavy

The longer G. & B. PEARL is up—the nearer the color of the atmosphere it becomes. It is easy on the eyes—easy on the pocketbook and the one screen whose smooth meshes prevent the lodging of dust and grime.

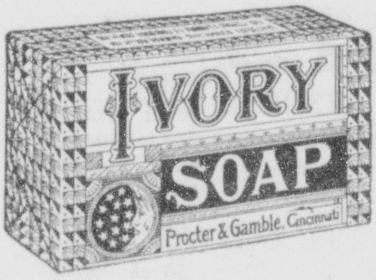

We sell genuine PEARL Wire Cloth with two Copper Wires in the Selva and the Round Tag bearing the Gilbert & Bennett name on each roll.

W.J.C. GLEE CLUB TONIGHT

GLEE, ORCHESTRA AND COMIC PROGRAM AT BAPTIST CHURCH.

College Boys, Twenty Strong, Will Arrive From Pottsville—Equal to Lyceum Course Numbers.

A program the equal or superior of many of the lyceum and lecture course numbers is promised by the William Jewell College Glee club, which comes to the Baptist church tonight, under the auspices of the Baptist Young People's Union.

The glee club consists of a chorus of eighteen voices, a ten-piece orchestra, two male quartets, one of them a ragtime quartet, violin soloists, readers, impersonators, Dutch comedians, and five vocal soloists, two of whom will be used in their program at Maryville. The glee club is one of the strongest in the history of the college.

Good indications of the worth of the club program is shown in the following press notices:

Plattsburg Democrat: The well balanced program presented at the opera house last Friday night by the William Jewell Glee club was well received. All the numbers were put on with "pep," as the college boys would express it, and from the hearty encores it was evident that the boys had the audience with them from the raising of the curtain to the end of the closing number. More programs of like merit should be welcomed as annual events in Plattsburg.

Times Herald: The William Jewell Glee club of Liberty gave a concert to a packed house at the Capitol theater Saturday evening, and the boys highly pleased. They are a fine, manly set of fellows, and represent a splendid collection of talent. In chorus they were great.

Moberly Daily Monitor: The impersonations by F. A. Sykes captivated the audience.

William Jewell Student: Mr. Sykes, the third act, gave the audience many a quaint demonstration of his wealth of originality.

Carrollton Democrat: The Dutch comedians were true to life, and did their comic stuff amidst laughter and in a pleasing way. The singing of the club was taking and thrilled the audience to call them back again and again. Their whole program was a highly creditable one, and did credit to the director, to the young men, and to the school from which they come. Our people enjoyed their coming and would much enjoy having them come again. The accompanist, Mr. Pfeiffer, was an accompanist of more than ordinary ability.

LETTER LIST.

Do Something for your Cold.

Do not let it wear you out and encourage sickness. Take Dr. King's New Discovery. You will get instant relief.

Most of us neglect coughs and colds. We brush suggestions aside with the remark "I'll be better soon," and often times we do get better. However, when that cough or cold gets a hold, it usually means annoyance, interference with our work and often a spell of sickness follows. Isn't it better immediately to check that cold and ease the cough? Dr. King's New Discovery does it! Search as you will, you will not find a better remedy.

Dr. King's New Discovery is made of Pine Tar mixed with soothing balsams and laxatives. It's antiseptic and kills the germs, allays the cold-fever and soothes the irritated, inflamed throat. The very first dose gives you relief. You cough with less strain. And if you have a hacking or dry night cough, grateful relief follows and you soon drop into a restful and refreshing sleep. Get a bottle to-day and let Dr. King's New Discovery be your cold and cough doctor. At all druggists.

King's Daughters

Entertained Last Night.

The King's Daughters class of the First Methodist church was entertained by Miss Irene Kemp, at her home, last night. The evening was pleasantly spent informally. Refreshments were served by the hostess.

Those present were: Misses Edna Moore, Gladys Hard, Vada Poland, Dale Hulet, Jeanette Mutz, Mrs. Floyd Ambrose and Mrs. Bert Cooper.

Surprise Party at Miller Home.

The fourth division of the Ladies' Aid gave the Rev. and Mrs. C. Emerson Miller a surprise Monday night. About thirty members were present, and after a most pleasant social evening delicious refreshments, which were brought by the ladies, were served. During the evening the fourth division expressed their regret that they would lose the pastor and his family from that neighborhood; however, they were also delighted that the Christian church now owned a home for the pastor.

Intellectual Club.

Mrs. Bert Blackney was hostess to the I. I. club last Thursday. Mrs. S. G. Massie was acting chairman. The study subject was dispensed with, that more time could be given to the business session, as several important subjects were under discussion concerning the next year's work.

A short time was spent socially. The hostess served delicious luncheon. Those in attendance were: Mrs. S. G. Massie, Miss Jennie Ringgold, Mrs. C. M. Pope and the hostess. Next meeting will be April 13.

McCoppin-Bennett.

A very pretty home wedding took place last night at 8:30 o'clock at the home of Mr. and Mrs. C. A. McCoppin, when their daughter, Miss Beulah Fern, was united in marriage to Chester Bennett. The rooms were artistically decorated with vases of cut flowers. The color scheme of pink and white was carried out in the refreshments. The Rev. Gilbert S. Cox read the Methodist Episcopal service. The ceremony was witnessed by near relatives of the bride and bridegroom.

After the ceremony and congratulations dainty refreshments were served by Mrs. McCoppin, assisted by Miss Verna Kennedy.

Those present were: Mr. and Mrs. Orville Bennett and Virginia Bennett, Mr. and Mrs. Lester Bennett and baby, Mrs. J. W. Houghtaling, Miss Verna Kennedy, the Rev. and Mrs. Gilbert S. Cox and Perry and Don Houghtaling.

Throat Weakened by Diphtheria Daughter Caught Cold Easily

St. Joseph Lady Tries Vap-O-Rub—Now Doesn't Like to be Without It.

This is one of a series of one hundred advertisements, each ad embodying letters from different Missouri Women from all over the State. Last winter, in order to try out this new preparation, each lady was given, by her druggist, a complimentary jar of Vap-O-Rub, on condition that it be given a thorough trial. These letters are their reports. We will pay the sum of \$100.00 to any person proving that any of these letters are not genuine.

Mrs. Sam House, 1206 Prospect Ave., St. Joseph, Mo., has a message for all those mothers whose little folks catch cold easily, or are subject to croupy spells. C. J. Schencker & Co., Druggists, sent Mrs. House a complimentary jar of Vap-O-Rub last winter, with the request that she give it a thorough trial. Mrs. House reports as follows:

"My little daughter had Diphtheria last fall, and now every little cold she takes settles in her throat. We have thought twice she was going to have Diphtheria again,

but during one of her bad spells my druggist sent me a package of Vap-O-Rub. I used it for four nights on her throat, and got such good results that now I don't like to be without it. I have used it for myself and husband for bad colds, and found it just fine."

The way to keep the family free from colds is to keep the windows wide open at night, so that plenty of fresh air can circulate in the bedroom. Then whenever they show the first signs of a cold, rub Vap-O-Rub well over the throat and chest and cover with a warm flannel cloth. Leave the covering loose around the neck, as the heat of the body releases the ingredients in the form of vapors. These soothing antiseptic vapors are breathed in with each breath, all night long through the air passages to the lungs, and at the same time Vap-O-Rub is absorbed through and stimulates the skin, aiding the vapors inhaled to break up the congestion. The next morning the phlegm is loosened and the soreness gone from the lungs.

Vick's can be had at all first class drug stores in three sizes, 25c, 50c or \$1.00—or we will gladly send a sample free on request. The Vick Chemical Company, Greensboro, N. C.

United States Tread Chain Tires

'Union' and 'Balance' Make Stable Tires

United States Tires, in more than name only, carry out the principle of 'union' and 'balance' which makes a great stable nation out of the forty-eight individual States of the Union.

United States Tires have that complete 'union' between rubber and fabric which absolutely prevents tread separation and disintegration under the tread.

They have that complete 'balance' which gives equal wear in both the tread and the carcass—neither is weaker nor stronger than the other.

Every part of each tire helps every other part to last longer—and that is the 'union' and 'balance' which give the whole tire longer life—which give the low-mileage cost for which United States Tires are famous.

There are five United States 'Balanced' Tires—a tire to meet every motoring need of price and use. Ask your dealer to show you.

New Way to Make Apple Dumplings

Served With Hard Sauce or Cream and Sugar

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

Here is a new way to make apple dumplings that will surely please every housewife, for it is not necessary to have whole apples, and the juice cannot run out and burn as with apple dumplings where the apple is placed in the center and the dough turned up around it. The biscuit part forms a crispy shell that holds the apples and juice.

K C Apple Dumplings

One and one-half cups sifted flour; 3/4 teaspoonful salt; 3 level teaspoonfuls K C Baking Powder; 1/4 cup shortening; about 1/2 cup milk; apples.

Fill the cups of a buttered muffin pan with pared and sliced apples, sprinkle with salt and turn two or three tablespoonfuls of water into each cup. Sift together, three times, the flour, salt and baking powder; work in the shortening, and mix to a soft dough with the milk. Drop the dough from a spoon with the apples in the cups, giving it a smooth exterior. Let bake about twenty-five minutes. Invert the pan on a large serving-dish. Put a spoonful of hard sauce above the apple in each dumpling and finish with a grating of nutmeg.

This is only one of the many new, delicious and appetizing recipes contained in the K C Cook's Book, which may be obtained free by sending the colored certificate packed in every 25-cent can of K C Baking Powder to the JAGGERS MFG. CO., Chicago. Be sure to get the 25-cent size—smaller cans do not contain Cook's Book certificates.

Try it yourself—

if you want personal and positive information as to how delightful Prince Albert really is, smoked in a jimmy pipe or rolled into the best makin's cigarette you ever set-fire-to!

For, Prince Albert has a wonderful message of pipe-peace and makin's peace for every man. It will revolutionize your smoke ideas and ideals. The patented process fixes that—and cuts out bite and parch!

PRINCE ALBERT

the national joy smoke

is so friendly to your tongue and taste that it is mighty easy to get acquainted with. You'll like every pipeful or cigarette better than the last because it is so cool and fragrant and long-burning. You'll just sit back and ponder why you have kept away from such joy-us smokings for so long a time!

Men, we tell you Prince Albert is all we claim for it. You'll understand just how different our patented process makes Prince Albert quick as you smoke it!

Buy Prince Albert everywhere tobacco is sold; in tippy red bags; 5c; tidy red tins; 10c; handsome pound and half pound tin humidors and in pound crystal glass humidors with sponge-moistener tops that keep the tobacco in such prime condition.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made three-man smoke pipes where one smoked before!
